**REQUEST TO VACATE
ORDER TO DISMISS
COMPLAINT**

V.

WALDEN HOUSE, INC.,

Defendant

I am respectfully requesting that this Judge accept this request, even though at the time of submission it will be June 2, 2008. I attempted to get attorney consultation last weekend, but the attorney service from legal Aid at the library was closed due to the Memorial day weekend, and I did not clearly understand legally the last half of the second page I received concerning;" The basis of the Retaliation claim is not altogether clear." I now have a much clearer understanding after attorney consultation yesterday and can now give more evidence and address this matter much more clearly. Plaintiff still at this time cannot afford to hire an attorney as she is still currently recovering financially from being laid off work. Plaintiff does did not have the knowledge to understand the type of evidence needed to be submitted with the original complaint. Regards the 2nd page received, Plaintiff states that the EEOC determined on the August

Case No. C 08-0894 PHJ

Page 2 of 33

2006 letter given to Plaintiff that based upon their investigation,' The EEOC is unable conclude that the information obtained establishes violations of statutes." **EXHIBIT 18:** E-mail sent o Plaintiff from Melinda Tuazon, and Plaintiff's response to this e-mail. In e-mail, Plaintiff states that both Michel Smith and David Pereki, both Caucasian and having the same job title as Plaintiff, Dual Diagnosis Therapist, and both having similar job duties as Plaintiff, both ^{engaged in protected activity, complained about Gehe} ~~Whistleblowed after Plaintiff did~~ in the spring of 2005. Both ^{complained about Gehe} ~~whistleblowed~~ regarding Frank Gehe to Larr y Nelson, Walden House Manager. Nelson took notes. Both were not Terminated and/or Locked out of Walden House, and the only variable that is any different in this case is that Plaintiff is Mexican and Smith and Pereki are Caucasian. Thus Plaintiff states that her case does fall under Whistleblowing and also under a TITLE VII violation, in particular her Lock out from Walden House due to racial discrimination and Retaliation for Whistleblowing. Ms. Zaslove is Caucasian. She was Supervisor to Smith and Pereki. Another reasonable hypothesis that racially discriminatory Differential treatment occurred from Ms. Zalsove towards Plaintiff is that Mr. Pereki most likely obtained a professional job related reference from Ms. Zaslove, as he resigned from Walden House and became employed at a prison. Plaintiff never received a professional reference from Ms. Zalsove and thus has suffered career endangerment, particularly in being able to procure other jobs, due to this lack of reference.

EXHIBIT 19: evaluation from Walden House, rating Plaintiff as near superior as regards her work performance. Evaluation written by Gehr, before Plaintiff whistleblowed on Gehr regarding his breaking CPS employment law.

Plaintiff has serious concerns that not only Ms. Zaslove authorized her Termination, since she is Plaintiff's Hiring Supervisor, but that she protected Smith as regards his whistleblowing activity as he is Caucasian and actively failed to protect Plaintiff as regards her Whistleblowing activity, Zaslove's racially discriminatory reason being that Plaintiff is Mexican. Plaintiff has cause to believe that Zaslove knew about Plaintiff's Termination at least two months before it occurred as she stated in a June meeting with Plaintiff, "I am not your Supervisor." The Termination thus appears to have been planned and calculated. Ms Zaslove failed in her duty toward Plaintiff to warn her about Defendant's plans to Terminate Plaintiff. She did not give Plaintiff a referral to EEOC at this time. Smith is a witness that Plaintiff had this meeting with Zaslove. Noga, Intern, is also a witness that Plaintiff had meeting with Zaslove, as Noga was meeting with Zaslove and Plaintiff for 20 minutes before Plaintiff met with Zaslove. Glo Wright, of American Indian race, Dual Diagnosis Therapist, whistleblowed to Larry Nelson regarding Gehr, at around the same time Smith and Pereki whistleblowed. Wright was also not Terminated, the reason being because Hightower, her Supervisor, cooperated with his legal duty as her Supervisor and did everything possible to protect and advocate for Wright with Mardell Gavriel, his Supervisor. Wright experienced racial discrimination, her

Case No. 08-0894 PHJ

Page 4 of 33

Discrimination based on American Indian, Title VII status that occurred from Gehr. Gehr retaliated against Wright by attempting to get Wright 'written up,' for unintentionally forgetting to pick up a 5150 pager. Hightower was able to successfully get the write up reduced to verbal warning. **EXHIBIT 20:** Disciplinary Policy from Defendant, which verifies that Walden House is not an at will organization and has a strong disciplinary policy, including being placed on Probation before termination occurs. Even had Insubordination occurred, which it did not, Defendant was aware that there was a Disciplinary policy in place and could have given Plaintiff verbal warning or a write up instead of mailing a Termination letter, without a reason given on letter.

EXHIBIT 21: Termination letter mailed from Walden House. Attorney Rubinoff stated to Plaintiff that a Lock out had occurred after reading Termination letter. Even had Zaslove or Gavriel believed that Insubordination had occurred, they were fully aware that the Disciplinary policy was being violated and neither one of them did anything to stop it. Thus Plaintiff's Lock out was Intentional on both their parts, as Zaslove and Gavriel authorized it. Witness Jonas P. also communicated to Plaintiff that Debbie Caruso, Defendant manager, also knew about these events beforehand. 'She has a big voice in the organization and she could have done something to stop it,' Jonas communicated to Plaintiff. Jonas also communicated Plaintiff that he was forced to resign from Walden House. Ms Dorn communicated to Plaintiff in a meeting with her in the spring of 2005, 'you don't have a

Case No. C 08-0894 PHJ

Page 5 of 33

warning or anything on your record,' when Plaintiff expressed concerns about possibly being retaliated against concerning her whistleblowing to the Board of Behavioral Sciences and Board of Psychology regarding Gehr. Plaintiff showed Ms. Dorn a certified mail receipt verifying that she had whistleblowed regarding Gehr to this Board regarding him breaking CPS employee law by disciplining her regarding the making of a CPS report, which was Plaintiff's legal duty to make Plaintiff's termination thus definitely falls under a TITLE VII violation, as defined on page 2 of letter mailed to her regarding order to dismiss complaint.

Gavriel's retaliation response to Plaintiff's whistleblowing regarding Gehr includes Ms. Gavriel authorizing Walden House manager, timothy O'Neill, to audit Plaintiff's Medi-Cal charts. This knowledge of racially discriminatory auditing by O'Neill, authorized by Gavriel, was communicated to Plaintiff by Hightower shortly before her Lock out from Walden House. As Plaintiff's work performance was excellent at the time, the auditing was racially discriminatory and also retaliation for whistleblowing. Plaintiff also has good cause to believe that Gavriel also authorized REACH program therapist's Leroy Watt's charts to be audited, as Plaintiff witnessed a Posttraumatic stress symptom of "hypervigilance" in African American Therapist Leroy Watts, regarding his charts, around the time of her Lock out from Walden House. He was very quickly filing notes in his charts, not stopping this when she was having conversation with him at one point. **EXHIBIT 22 (a):** E-sent from Tuazon to Plaintiff on June 12, 2006. Tuazon states that the EEOC was not allowed to initiate contact with Hightower in order to contact him as a

Case No. C 08-0894 PHJ

Page 6 of 33

because he is a Walden House manager and they could not do so without authorization from

Walden House attorneys, as he is authorized to speak on behalf of Walden House.

EXHIBIT 22(b): E-mail sent to Plaintiff from Tuazon, requesting a meeting with Plaintiff on November 3, 2005. Plaintiff attended this meeting, brought additional evidence to meeting with Tuazon, and read Defendant's statement regarding EEOC Charge.

EXHIBIT 22(C): Letter sent via Certified mail, which the EEOC received, on July 1, 2006. Plaintiff submitted more evidence to the EEOC. Thus, the EEOC received much evidence from Plaintiff that a Title VII violation had occurred.

EXHIBIT 22(D): letter from Plaintiff to Tuazon, date: May 22, 2006. Plaintiff states that Judge is putting pressure on her to do something she feels unsafe and which will place her at risk for developing further Posttraumatic Stress symptoms, that of ordering Plaintiff to pick up her sandplay property at Walden House. Plaintiff thus did comply with this order, due to reasons of mental safety and in order to protect herself from any further harassment from Walden House. Plaintiff was basing this on the level of violence and severe harassment had suffered from Gehr and certain Counselors.

Exhibit, letter from Bernadette, also verifies that certain Walden House managers behaved in a violent manner towards employees, such as Defendant manager Gail assaulting Bernadette, by dragging her in the rain. Bernadette felt like a hostage. Bernadette is thus a set to Whistleblowing and Title VII violations from Defendant, as

Case No. C 08-0894 PHJ

Page 7 of 33

Bernadette falls under a protected status. She was born in Austria, speaks with an accent. She whistleblowed regarding Defendant's falsifying of client charts to Gail and was Terminated and Blacklisted about a day later after she whistleblowed. Engaging in Protected activity and advocating for the client's rights and client's welfare by complaining about Fraud legally falls under classic whistleblowing activity. Bernadette also suffered severe depression months after this incident. Partner of Bernadette, Novia, has communicated to Plaintiff that she needed to physically hand feed Bernadette, who is not an invalid, is ambulatory and fairly young, after her violent Termination and assault from Gail. Plaintiff whistleblowed to Board of Psychology, also in the interest of Walden house Counselors, particularly Counselor Sonya Lister, who had not been trained in CPS reporting laws. Plaintiff wrote to Gavriel explaining that an employee could not be disciplined for not complying with these laws if they had not been trained in them, as was stated on the back of the CPS reporting form. Gehr had stated in a meeting with Plaintiff, Lister and Gretchen Richardson, "Mardell has some concerns about Sonya not filing a CPS report." Plaintiff also whistleblowed regarding Gehr's harassment of Plaintiff, including threatening plaintiff with termination over a CPS report, in order to assist John F. Kennedy student trainees who were coming to do their traineeship at Walden House from John F. Kennedy University. J.F. K. University works with Zaslove and Zaslove supervises some of these students

Case No C 08-0894 PHJ

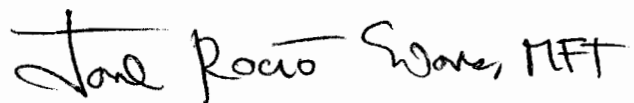

Page 8 of 33

Plaintiff whistleblowed to Dean of J.F. K. Counseling Psychology program and to Ethics and the law J.F. Kennedy professor Thomas Micahelles. **EXHIBIT 23:** Letters from Plaintiff to John F. Kennedy University personnel, evidence of whistleblowing, in interest of protecting students and clients. Plaintiff thus has cause to state that Defendant's wrongful withholding of her property is Retaliation for her whistleblowing activity to J.F. Kennedy university personnel, particularly since this whistleblowing activity was occurring in 2006. Plaintiff also whistleblowed to Medical Services Walden House Director regarding protecting the safety and welfare of a client, before she was locked out of Walden House. Plaintiff communicated to Director, that Walden Psychiatrist, Dr. Rose, was giving a very dosage of medication to one of her clients, who was born in El Salvador. Client did not want any medication. Plaintiff was documenting in her Medi-cal chart how she was treating client with alternatives to medication, including cognitive behavior therapy.

Thank you for your extra time and attention with this.

EXHIBIT 24: Letter dated June 17, 2005, to Human resources personnel

Walden House. Most important exhibit, please pay particular attention, as it verifies that Whistleblowing occurred regarding the breaking of CPS Immunity law. Letter addresses **Child Abuse and Neglect reporting Law: P.C. 11166.5 Immunity.** In the letter, Plaintiff states" I am concerned as to whether Frank Gehr is also placing other employee's written CPS reports in their employee files." Plaintiff whistleblows to HR in this letter that she has witnessed Gehr *threatening Counselor Sonya Lister* (who is African American, Gehr is Caucasian), with *Termination* by stating: "I want to see whether you are fit for Walden House or not. What's this about your not wanting to file a CPS report?" Mr. Gehr's Threat towards Lister is also racially discriminatory. In this letter, Plaintiff also whistleblows to Human Resources at Walden House concerning Gavriel *blaming* Plaintiff for breaking Confidentiality with a CPS report. Plaintiff states that Confidentiality was broken, but that the Board of Behavioral Sciences states that there is *no Privilege of Confidentiality in this matter.*" **Thus, plaintiff had not done**

Case No. C 08-0894 PHJ

Page 2 of 33

anything wrong and was suffering harassment and blame from both Gehr and Gavriel. When Plaintiff witnessed Lister being treated in a similar manner as herself, she whistleblowed to HR regarding both Gehr and Gavriel.(Gavriel is Caucasian). Since Plaintiff's Lockout from Walden House occurs less than 2 months later after HR received this letter, Plaintiff's Lockout can therefore be defined, legally, to Plaintiff's understanding, as Retaliation for her whistleblowing regarding Gehr and Graviel and CPS Immunity law. **EXHIBIT 25: - will submit later - S.R.E.**

E-mail from Liz Willis, who has a Masters from Berkeley's Graduate School of Social Work. In this e-mail, Willis states that she has referred Plaintiff to EEOC for Whistleblowing. Plaintiff talked at length with Willis regarding CPS matter and Willis gave this referral. At this time, Willis was not aware of the micro cassette tape and other events, which qualify this matter as racial discrimination. Plaintiff states that the micro cassette recording given to the EEOC by itself is sufficient evidence for the EEOC to conclude that racial discrimination has occurred from Gehr towards Plaintiff.

Plaintiff is thus seriously challenging the EEOC's claims that the results are inconclusive for them to determine whether a Title VII has occurred. Plaintiff claims that the EEOC received more than enough evidence from Plaintiff to determine that whistleblowing, overt racial discrimination and Retaliation had occurred in this matter. In addition, Hightower knew about Gehr's refusal to allow Plaintiff to facilitate a Latino treatment group one month before Lockout of Plaintiff. Hightower encouraged Plaintiff to 'have a meeting with Gavriel regarding this.' Plaintiff concludes that it would have been Hightower's role as a Walden House manager to have communicated this racial

Case No. C 08-0894 PHJ

Page 3 of 33

discrimination of Gehr to Gavriel, since Gavriel was his Supervisor at the time.

Hightower agreed with Plaintiff at the time that this was racial discrimination from Gehr.

Thus Defendant was informed about this matter before Lockout of Plaintiff. In addition,

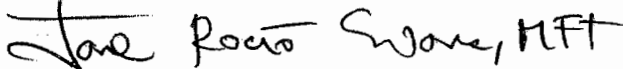

Latino employee Anthony from the REACH program is also a witness that Hightower

recommended that Plaintiff facilitate this group. Plaintiff also communicated to Smith

that Gehr was refusing to authorize Plaintiff to facilitate this group.

SECTION 3 - EMPLOYEE RESPONSE

This evaluation has been reviewed and discussed with me. I understand the ratings, and I understand that I need not necessarily agree or disagree. My comments are as follows:

I appreciate Frank Ghr's efforts to support my growth and progress in Walden House.

EMPLOYEE SIGNATURE: Rocio Ghr, MFT DATE: 3-16-05

SUPERVISOR SIGNATURE: Frank C. Ghr, MD DATE: 3/16/05

June 17, 2005

To Human Resources Personnel,

I am writing to communicate to you that on Wednesday, June 15th I received a written document from my Administrative Supervisor Frank Gher regarding One to One Trainings. Enclosed is a copy of this document. Also, on June 17th, I received a telephone voice mail from Frank Gher in which he stated that he wanted me to sign this document and that, according to him, this document is not human Services Authorized and is to be kept Confidential from Human Resources.

I am bringing this Document to your attention at my earliest possible opportunity, in order that you be aware of this matter. I am also enclosing another document which I have signed, unknowingly, not knowing whether or not this document had been authorized by Human Resources. Frank Gher has also handed this document to other therapists which he administratively Supervises. I am bringing this document to your attention, again so that you are aware of this matter. It is possible that other employees have also unknowingly signed this document. I am requesting that you please investigate these matters.

I am also requesting to know whether the second document, concerning medi-cal charts paperwork, has been placed in any one of my employee files by Frank Gher.

A second matter concerns Child Protective Services Reports and Confidentiality. I first requested from Frank Gher during March 2005 that he give me a copy of what he had written concerning my interactions with the first client I filed a CPS report at Walden House. I have since requested a copy of this information from Frank Gher two more times and he has not given me a copy. My understanding is that it is my legal right as an employee to review any information which has been written about me in order to have the option of making any corrections which I want to make. It is also my understanding that it is one of my employee rights to have access to this information at the earliest possible opportunity. I am also requesting to be informed as to whether this information has been placed in any one of my employee files.

On Wednesday, June 7 2005, I spoke with Frank Gher's Supervisor, Mardell Gavriel by telephone. Ms. Gavriel stated to me at this time that Frank Gher had been told by her to give me the CPS Booklet which explains CPS rules, Guidelines and legal codes for CPS Mandated Reporters. Frank Gher has never given me this booklet. I have requested and received this booklet by mail from CPS. Enclosed is a copy of the guidelines for employers and employees who are mandated reporters. As is stated in these guidelines, an employee cannot be harassed or interfered with from an employer for legally carrying out mandated Reporter responsibilities. Frank Gher has communicated to me that he has placed and is placing copies of the CPS reports I am currently submitting to CPS as a mandated Reporter in one of my employee files. I am requesting that you investigate as to whether he is also placing any copies of any other Mandated Reporter employee's CPS reports in any of their employee files. I am requesting that it be determined as to whether or not there is Differential Treatment occurring in this matter. I am also stating that I am experiencing the administrative handling of these CPS report matters by Frank Gher as Emotional Harassment. I am requesting that this situation also be looked into as to whether my CPS mandated reporting as an employee is being interfered with. I am also requesting that it be looked into as to whether I am being legally harassed by Frank Gher over this. My experience is that by these CPS reports being placed in my employee file, I am feeling intimidated as regards this process. I want to state, however, that this has not interfered with my complete compliance of my legal responsibilities as regards my filing CPS reports and carrying out these duties. I simply wish to state why I am feeling harassed over this.

I wish to state that during an 815 Walden House meeting with some of the Walden House clinical staff present, I have felt harassed by Frank Gher concerning the first CPS reports I filed at Walden House. I have been told by Frank Gher: "The bottom line is that you wrote the client's name on this report." I have communicated to Frank Gher in front of these staff members that "I felt blamed for not having done anything wrong concerning the writing and filing of this report." I have experienced this blame as harassment. Frank Gher has stated to me in a one to one meeting: "Now other people are thinking I did something wrong which I haven't done." I have communicated regarding this matter with the Board of Behavioral Sciences. An enforcement personnel has stated to me that I have not done anything illegal as regards this report. "There is no Confidentiality or Privilege in this matter," has been the statement made.

June 17 2005

To Human Resources Personnel, continued

Child Abuse and Neglect Reporting Law- P.C. 11166.5: Immunity: Any legally mandated reporter has immunity when making a report. In the event a civil suit is filed against the reporter, reimbursement for fees incurred in the suit will occur up to \$50,000 (P.C. Section 11172) No individual can be dismissed, disciplined or harassed for making a report of suspected child abuse. I now state that Frank Gehr has disciplined and harassed me for making a report of suspected Child abuse by taking disciplinary action and harassing me in the following manner: On March 25th, 2005, Frank Gehr stated to me concerning client Linda ~~Walden~~'s CPS report which I reported to Child Protective Services: The bottom line is that you wrote this client's name on her written CPS report." This is disciplinary action. He stated this in a blaming tone of voice. I cannot be disciplined or harassed by any Supervisor concerning writing any client's name on any CPS report. Frank Gehr has also stated to me that he is keeping and placing a copy of client Linda ~~Walden~~ and any other clients at Walden House which I file written CPS reports on in 'your employee file here in my office.'" Again, this takes disciplinary action on his part. This is illegal.

I have currently telephoned the Board of Behavioral Sciences concerning this Disciplinary action and harassment. It has been communicated to the Enforcement Branch at the BBS. I am in the process of filing a written report to the BBS concerning this disciplinary action. I feel that this is needs to be communicated to the BBS as it is a legal and ethical matter which the Board needs to be informed on.

I am concerned as to whether Frank Gehr is also placing other employees Written CPS reports in their employee files. AT a staff meeting with former Counselor employee Sonya, myself, Frank Gehr and 890 Facility manager Gretchen, I witnessed Frank Gehr Supervisorly disciplining Sonya concerning the making of a CPS report in the following manner: at this meeting Frank Gehr stated to Sonya; "I want to see whether you're a fit for Walden House or not. What's this about you not wanting to file a CPS report?" At a clinical Staff meeting in front of the 815 and 890 Walden House clinical staff, I stated the details of my interactions with Frank Gehr regarding the filing of CPS report regarding Walden House client Linda ~~Walden~~. I stated at this time my feelings of being harassed by Frank Gehr. I stated that I felt blamed by Frank Gehr when I had acted in a completely professional manner regarding the making and filing of this report. Frank Gehr denied at this time that he had blamed me. Another clinical employee at this time, at this meeting stated to him: "When a person is wrong he should apologize."

I also wish to state that Mardell Gavriel stated at a Walden House clinical staff meeting at Multi Services in front of the entire clinical staff present: "The main thing we are concerned about with the clinical staff concerns Confidentiality of CPS reports. Confidentiality was broken. This was unintentional, nonetheless it did happen." In the phone conversation with Mardell Gavriel on June 7th, 2005, I asked Mardell Gavriel what this statement meant and whether it concerned me. Mardell Gavriel stated to me that this statement was made concerning my filing of Linda ~~Walden~~'s CPS report. She stated that, "again, your breaking of this client's Confidentiality was unintentional, but it did happen." This is also disciplinary action by Mardell Gavriel concerning my making and filing of a CPS report. Confidentiality was broken, but as stated by the Board of Behavioral Sciences, "There is no Confidentiality or Privilege in this matter."

In conclusion, I wish to state that I am concerned about any sudden and future false verbal warnings, false write-ups and a false firing or termination from Frank Gher. I am concerned about retaliation, due to his recent erratic behaviors.

Again, I am requesting a response from writing from you within the next 30 days.

I am open and willing to work towards resolution of this matter.

Respectfully,

If there is something about your job that bothers you or if you feel you have not been treated fairly or in accordance with any company policy or procedure, Walden House invites you to take advantage of its open door policy, described below.

Discussion with your supervisor. You are strongly encouraged to raise work-related concerns with your immediate supervisor, who, hopefully, can resolve them. If, however, for some reason you feel you cannot raise a concern with your immediate supervisor, or feel your immediate supervisor has not adequately addressed your concern, you are encouraged to discuss the matter with the next level supervisor in your line of supervision with whom you feel you can discuss your concern. You may also bring the matter to the attention of Human Resources management personnel.

Formal Written Complaint. If you feel your supervisor has not adequately addressed your concern,, you may submit a written complaint to the Human Resources Department within five working days after the event at issue. Complaint forms may be obtained from the Human Resources Department. Upon receiving your complaint, personnel in the Human Resources Department will review it, and either investigate the underlying circumstances and attempt to resolve it, and/or submit the complaint to a personnel committee for investigation and resolution. A liaison to the committee will be appointed by the CEO from those employees who hold a Vice President position in the organization. The liaison will assist the Human Resources Department with the logistics of the process, when needed.

If you are not satisfied with a decision rendered by the Human Resources Department without committee consultation, you may submit the written complaint to a committee selected by the Human Resources Department; if you are not satisfied with the decision of the committee, you may submit the written complaint to the Chief Executive Officer, whose decision is final.

If your complaint is satisfactorily resolved, you may be asked to sign off on a written resolution.

We urge you to pursue work-related concerns until they have been resolved. Although we cannot guarantee that you will always be satisfied with the result, we will always explain how the result was reached.

You will not be disciplined or otherwise penalized for raising in good faith a work-related concern or for taking the appropriate steps to pursue the concern.

SUGGESTION FORMS

Suggestion forms are available at all Walden House facilities for input regarding all aspects of the workplace. Please use them often, anonymously or not, to offer ideas, praise, and constructive criticism.

To Ms. Tuazon, I got a job offer today, so I apologize, I might be late, able to come about 4:30 p.m. next Monday. I can meet from 4:30 to 5:30 p.m. I start my new job this Sunday. I wanted to communicate that the most important document I have submitted recently to you is the Court Order made by the Small Claims Court Judge in San Francisco. In it she orders me to go to Walden house at 520 Townsend Street, to pick up my Sandplay therapy tools and belongings at their Warehouse in person. This document puts much pressure on me and continues to seriously worry, distress and concern me. I have not received any written correspondence from the Honorable Judge since I wrote her back my response, which is that I feel unsafe and concerned about getting more PTSD symptoms if I were to go to Walden House to pick this up.

to Ms. Tuazon, I just opened this e-mail. i don't have a computer and I have had a heavy work schelude recently. I am asking an attorney to review this letter next Saturday and some of the EEOC documentation I have submitted to your office. My respsnes to you will be from attorneys. I insist and demand that you not close my case without first writing to my attorney in detail as to how and why specifically your investigation has been objective, through and serious. The Small Calims Court Judge has not yet ruled on this case, and I

have specifically requested that you wait for this information. I have submitted much information which verifies the racially discriminatory of this case, including letters from witnesses. My attorney will be in contact with your office, to examine in every detail the facts concerning the investigation of this case, including through and complete justification from your office as to why my case does not merit a letter. Until then, I am insisting and demanding that my case be kept open. I am claiming an invalid and unobjective investigation from the EEOC otherwise. Respectfully, Ms. Rocio Evans, MFT

Ms. Evans--

The letter I mailed you on May 17, 2006 requesting that you contact me is a letter I sent because I was not able to contact you by phone. While I am very aware that you have contacted me numerous times by email, I was not certain whether you had consistent access to your email. The letter was mailed as a backup measure.

In response to your concerns about Dr. Hightower, I am concerned that you did not understand the statement I made to you about my ability to contact him. Because Dr. Hightower is a member of Walden House management, EEOC is not allowed to initiate contact with him *without notifying Walden House attorneys*, because, he is authorized to speak on behalf of Walden House. However, the EEOC is allowed to interview any individual who initiates the contact, regardless of their status with a company. Therefore, because I am aware you are so concerned about the veracity of statements being made under the auspices of the Walden House attorneys, I suggested you contact Dr. Hightower yourself and provide him with my contact information. Hopefully this clears up some of your concern.

With regard to meeting with me, there are several aspects of your case I would like to discuss with you, one of them being that the document reviews and witness interviews I have conducted up to this point are such that further investigation is unlikely to uncover discrimination as defined by the laws enforced by the EEOC. EEOC protocol prevents me from being able to list the specific reasons in writing. You are welcome to bring anyone you wish to this meeting, or have your attorney call me herself on your behalf, but this contact needs to be made within a reasonable amount of time. I will need to speak with either you or your attorney, in person or on the phone, about your case by **June 6, 2006**, or your case will be forwarded for closure.

Please contact me if you have any further questions or concerns.

as I only have rent money paid until May 25th. As I sent as evidence, I am currently living in a Crack house, this is because this is the only rent I am able to afford. There is constanst drug use, including heavy drug use by one of the Managers there. I have been threatened with eviction for "going to bed early, as your lifestyle will not fit with the travelers here who go to bed later," The managers refused to accept my rent money for the month of April 2006 due to this pretext. I reported them to the Rent Stabilization Board and was told in a letter in writing that this allegation was very serious. The managers terrorize the tenants here by writing such things as 'Tenants will get evicted for not washing their dishes,' 'Tenants will get evicted for paying rent more than 3 days late.' A Manager recently asked me to tell him what belongings belonged to one of my dorm roomates, in order to throw these belongings out illegally. I was very upset to be used by one of the managers in this manner. I am highly distressed about living in this Crackhouse. This case is very well documented and I will also be sending you all of these documents soon, as strong evidence that I am suffering serious harm from being Locked out from Walden House. I had my own studio apartment on Van Ness Avenue, with nice hardwood floors and a quiet living situation before I was locked out of Walden House. I have photos of this apartment I can show you. Also, a very important document for you to review is that of the computer notes from the Employment Development Department. The last page states that my Unemeployment Insurance claim to Walden House consists of my having complained about my supervisor to his supervisor and been subsequently terminated. Please carefully note the date written by EDD personel regarding this claim. David Pereki, Michael Smith, who are both male and Caucasian, also complained about their Supervisor, Frank Gehr, to both Mardell Gavriel, and Larry Nelson, who took notes regarding thier complaints, during a similar time frame in which Icomplained. They both complained during July 2006. They both were neither Terminated nor locked out for complaining. To my knowledege, Michael Smith is still employed at walden House. David Pereki resigned with a good job reference from Lisa Zaslove. Ms. Zaslove authorized my Termination. I am writing a letter to the judge again, which I will fax you soon. Please e-mail me regarding what you need to contact me about. Respectfully, Ms. Rocio Evans.

Letter sent via Certified mail,
Return receipt requested

To Ms. Tuazon,

I am most definitely requesting for your office to have my Notice of right to sue in federal Court letter from the EEOC mailed to me at your very earliest convenience. Please mail this letter via certified mail to me, return receipt requested. I definitely want it. I have a right to Sue 90 days from the issue date on the letter, beginning during the month of July, since I have not yet received it.

I am submitting additional evidence to your office, Summary as follows:

Written evidence from Stephen M. Kohn on Taping in whistleblowing cases as evidence. He is a national expert on whistleblowing discrimination. I am insisting that the micro cassette recording of Frank Gehr I submitted via certified mail to your office, which has been signed for, be submitted along with my letter to sue. It is my only copy and it is of utmost importance that it not be made available to Walden House as they might "accidentally" lose it or destroy it.

Evidence from a local San Francisco union stating that it is illegal for employers not to inform employees what their meetings with them are about. I am claiming a violation of my rights from the EEOC as regards filing my claim on August 9, 2005. During the filing of my claim with you, I explained to you that the reason for my refusing a meeting with Mr. Gehr and Ms. Dorn was because I had asked Mr. Gehr what the purpose of this meeting was, and he refused to answer me. You refused to write this on my claim, the effect making it seem as though I was being insubordinate with my supervisor, instead of asserting my employee rights. I am also claiming violation of my rights from the EEOC as I was filing my second claim with Walden House. The person filing my claim purposely omitted my charge of Walden House keeping my sandplay therapy belongings as retaliation on their part, for my having whistleblowed regarding racial discrimination. Even after consulting with her Supervisor, she stated to me "The EEOC can't help you get your belongings back" She also told me to "come back another day." I felt harassed by the EEOC at this time.

Letter from mailbox 4U Manager Peter Robins Chu which verifies that I have had a stable mailing address where I have been receiving my mail as of September 13, 2005 to the present date. I moved out of the Van Ness apartment on September 14, 2005. Walden

House attorneys therefore can never claim that my final paycheck got lost through the mail.

E-mail from Patrick, witness, who referred me to the Human Rights Commission organization, for reasons of "discrimination," according to his judgment and understanding. He stated to me at the time that his perceptions were that I had suffered gender discrimination from Mr. Gehr and he referred me to this organization.

Bank Statement from Union bank which shows that no check has been cashed by me from them during the month of May 2006. By August 10, 2006, this check will definitely be voided. Walden House still has not returned to me my final paycheck, even though they are intentionally aware of the harm suffered due to living situation.

Receipts that I was in room AC at Haight guesthouse, where Carla Thompson was at, therefore suffering significant endangerment of being susceptible to being the victim of a crime, through being stabbed with a kitchen knife by this individual. The front desk does not have 24 hour watch or staff and closes at 10 p.m. There would have been no one to intervene. Ms. Thompson also harassed me as much as Tenant Tim or more, but I used common sense by remaining quiet while in the dorm room with her. Tim was assertive and nearly got stabbed, a few weeks later.

Notes dated March 30, 2006 with Matt, worker for San Francisco Community Boards mediation service. During this meeting, Matt stated that Walden House had refused to come to a mediation meeting at community Boards with me, regarding sandplay therapy belongings. He stated that Walden house felt mediation was unnecessary. He communicated to me: "Walden house wants to put the money in your hand if you come in a Taxi to their warehouse to get your belongings. You don't have to come alone. They want you to stay in the Taxi, while they load up your belongings." I communicate to Matt about the letter I had recently received from the Judge. I stated to him that I felt unsafe coming to Walden house in a taxi. Matt stated: "They're putting pressure on the Judge." I communicate to Matt that I felt degraded and humiliated by the suggestion of Walden House to put the money in my hand to pay the Taxi. I felt as though Walden House was treating me like a sex worker. I explained to him that this was my experience of the situation.

Thank you for your time and attention,

Rocio Evans, MFT

CC: Judge Dondero and Honorable Small Claims Court Judge
Cc: Lori Dorn, Human Resources manager, Walden House

August 29, 2005

To John F. Kennedy Director of Graduate School of Counseling Psychology,

I am writing in order to bring to your attention concerns I have regarding my experiences as an employee at Walden House, Inc. San Francisco., Facilities 890 West and 815. I am writing as a JFK alumni and also because I have recent concerns regarding the past and future safety of JFT students/trainees at Walden House.

I am no longer at Walden House, having been there from November 16, 2005 to August 9, 2005. On August 9, 2005, I was locked out of the 890 West Facility due to Racial Discrimination from Walden House Administration.

During my tenure there, I experienced scrutinization, particularly in the form of my Medi-Cal charts being constantly audited. This was inadvertently communicated to me in personal conversation and by telephone by the Mental Health Administrative Coordinator at Walden House, who audited my charts. I suffered emotional harm and traumatization from this scrutinization. I also witnessed other employees of color also being unnecessarily audited and scrutinized by administration and am concerned that an African American student/Intern from JFK may have been subjected to scrutinization during the time from September 2004 to May 2005. This, of course, would also constitute racial discrimination of this student.

In addition, the Administrative Supervisor of 890 West during March 2005 to August 9, 2005 violated CPS employee law by disciplining me for writing a client's name during my making of this client's CPS report. I was acting as a Mandated reporter at this time and complying with this legal obligation. I was told "The bottom line is that you wrote this client's name on a CPS report, You broke Confidentiality." I consulted with The Board of Behavioral Sciences and read the back of the most recent CPS report form. Board personnel from the BBS Enforcement Unit communicated to me that "Confidentiality was broken by writing the client's name on the report, but it is entitled to be broken, as you are a Mandated Reporter." Disciplinary action was taken by this Administrative Supervisor placing a copy of this client's report in my Walden House employee file. I saw this CPS report when I asked to see a copy of my employee file. In addition, I was threatened with termination and with "Insubordination" if I did not in the future write "Walden House Source" instead of any client's names on future CPS reports I made at Walden House. I informed administration and Human Resources that the CPS mandated reporting process was being interfered with. I informed administration that the consequences of this Walden House mandate could be that this could create an intimidating environment whereby the employee or the person writing a CPS report might have a difficult time writing, making these reports and thus complying with their responsibilities as mandated reporters, and that this could put these clients and their families in danger of not being assisted.

I kept getting told that I had "Broken Confidentiality." I was traumatized by this response. I am concerned now that the stage has been set for future JFK trainees/Interns to be legally harrassed and disciplined by Walden House administration concerning the making of CPS reports. This situation has been left unresolved at this time.

In addition, I was harassed by Walden House Counselors at 890 West concerning the making of this client's report. This harassment was unintentional as these Counselors are not trainees or Interns and are not aware of BBS regulations. However, I was subjected to comments from these Counselors such as: "You just dropped a bomb on my back by telling me you are going to file a CPS report on my client," "I'm not going to talk to you about our client because you break Confidentiality," "You decide whether or not you're following Confidentiality," from a Counselor, said in front of other Counselors at a Counselor Staff Meeting. Again, this was done unwittingly on their part. However, it was supported by Administration as Walden House Administration did not take the time to adequately clarify these misconceptions and did not have adequate meetings with Counseling Staff in order to further build a bridge between Mental Health Staff and Counseling Staff. The one meeting held regarding these CPS concerns was addressed by my former Administrative

Supervisor, who as can be seen, acted in a Disciplinary and Harassing manner as regards this situation., and to my understanding, further confused this situation.

I am concerned that the trainees/interns coming in to Walden House from JFK University this September are likely to be subjected to similar forms of harassment concerning the making of CPS reports.

My professional recommendations as a licensed MFT for this situation are: That additional meetings be made in order to clarify and address these CPS concerns in which Counselors, Mental Health trainees/interns, House manager and Walden House Administration key staff be present. In particular, my understanding is that Ms. Lisa Zaslove, Psy D. be one of the key figures present in order to address these concerns, as she is an excellent clinician and has a good understanding of these issues, and is also Director of Training Program (Internship, Practicum and Traineeship). Ms. Zaslove is already informed of these CPS concerns, as I communicated them to her during my tenure at Walden House.

In addition, it saddens me to also inform you that a female student/trainee suffered blatant/overt sexual harassment from one of the male staff at the Adolescent boys Facility, Walden House, during March 2005.

I communicated to Ms. Zaslove at this time that this sexual harassment needed to be communicated by her to the Human Resources Manager at this time, as this individual had most likely acted out this predatory behavior in the past and would most likely continue this behavior in the future. Ms. Zaslove asked this individual to apologize to this student, which he did. However, my assessment is that this was a 'band aid solution', which aggravated the problem instead of solving it. The decision was made that this student could report this matter to HR herself. My understanding is that this placed an unnecessary burden on this student and that this role fell on administration.

Again, this raises questions in my mind as to whether trainees/interns are being adequately protected at Walden House, at this time. I also empathize with Ms. Zaslove, as of course this would be a very difficult situation for her.

Lastly, 2 weeks ago, The Walden House HR Manager sent a client, who is a House Driver, to serve papers inside a large envelope to me at my apartment on Van Ness. Fortunately I was not home to receive these papers at the time, but came home to see the envelope with writing on it which stated "hand deliver. Slip under the door." I promptly "Returned to Sender" this envelope without opening it. My understanding is that a sheriff serves a person, and that they are served legal documents, not documents from HR. I felt harassed and traumatized by this. I was also very concerned that a client had been sent to serve this, as this constitutes serious ethical violations of client's rights, both from the BBS and from CAMFT. This client is also now carrying the unnecessary psychological burden of having 'served' a therapist whom he saw at Walden House. Future students could witness this harassment of clients, and this would place them in a difficult position.

Again, I am asking you to assist in protecting the Safety of trainees/Interns at Walden House, as well as to assist me with clarifying my professional reputation as regards the CPS mandated reporting responsibilities at Walden House, as well as to look into the racial discrimination concern of having been audited and scrutinized. I am requesting this as support from you as a JFK alumni.

The other concerns are concerns which I feel are unethical for me not to bring to your attention. I am requesting that you look into these situations by contacting Ms. Zaslove at your earliest convenience and that you respond to me in writing that you have contacted this individual and addressed these CPS and Racial Discrimination concerns.

I can be reached at: 725 Van Ness Avenue, apt 403
San Francisco, CA. 94102
